Growth hacking is so misunderstood that there is a desperate need for this chapter. Few concepts have been as polarizing and revolutionary, simultaneously. Is it marketing in disguise? Is it a buzz phrase used to increase salaries? Is it the future of internet products? This chapter will clearly define what growth hacking really is.

Introduction. American democracy is resilient. It has withstood attacks from enemies, both foreign and domestic, for more than two centuries. But never has the United States been led by a president who has so flagrantly lied and so incessantly debased our democratic values and our institutions of self-government as President Donald J. Trump.
