Social anthropology is the dominant constituent of anthropology throughout the United Kingdom and Commonwealth and much of Europe (France in particular), where it is distinguished from cultural anthropology. In the United States, social anthropology is commonly subsumed within cultural anthropology (or under the relatively new designation of sociocultural anthropology).

Social Research Update 35: The importance of pilot studies

1. Study 1 contained several questions about social mobility and well-being for an unrelated investigation. Studies 2–6 included several filler items such as questions probing participants' feelings of alertness, self esteem, and monthly spending estimates; these variables did not influence the effects reported here.

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.
